

## Online Registration Directions

We are happy to announce that Recreation Soccer registration can now be completed online. It is a two-part process in which you register online but also requires that you mail payment (check) to us in order for your child to be placed on a team. You may wish to print these directions for your use.

Go to our website at [www.goshensoccerclub.org](http://www.goshensoccerclub.org) and click on the drop down tab "Recreation". Go to "Player Registration" which opens the online registration welcome page. Please read the comments about Recreation Soccer on this page.

To register, click on the large orange button at the top. If your child(ren) have played in our program in the past two years we have already created an account for you which is linked to this email address. Click on "forgot password" and enter your email address.

The system will send you a password. Once you have retrieved the password come back to the registration page. If your child(ren) have never played in our program, OR you have changed your email address, you will need to create a new account.

Once you have entered the system you can edit your account with current information as well as assign a new password to your account. Follow the instructions to add a child (if needed) and click the button next to their name to register them. When you get to the "Choose a Session" page be sure to look for Fall Recreation for the current year and choose child's division based on their grade for Fall of the current year. Continue until your shopping cart is complete and click "Done".

When you have completed the registration process for your children, and yourself or spouse as a coach/assistant coach and/or sponsor, you will be given instructions to mail a check to Goshen Soccer Club at PO Box 652, Goshen, NY 10924. Once we receive your check & post it to the system you will receive an email that your child will be placed on a team.

We hope you find this online registration process convenient & easy. If you have any problems or questions feel free to email the Registrar.
